

This exploded view diagram illustrates the assembly of a refrigerator. The components are organized into several sub-assemblies indicated by dashed boxes:

- Top Section (Parts 1-5):** Includes the main body (1), top panel (1-1), and various internal components like the evaporator (1-2), compressor (1-3), and condenser (1-4).
- Door Assembly (Parts 6-10):** Shows the door panel (6) and its internal structure, including the door liner (9-1), door panel (9-2), and door gasket (10-1).
- Internal Components (Parts 11-14):** Includes the evaporator (11), condenser (12), and various internal parts like the evaporator fan (11-1) and condenser fan (12-1).
- Refrigerant System (Parts 15-18):** Shows the refrigerant system components, including the compressor (15-1), condenser (15-2), and various pipes and fittings (15-3, 15-4, 15-5, 15-6, 15-7, 15-8).
- Control Panel (Parts 19-20):** Includes the control panel (19) and its internal components (20).

The diagram uses numbered callouts (1 through 20) to identify individual parts and dashed boxes to group related components into sub-assemblies.
